\*pending weather

### Easier Access program (Elevator 1 construction is ongoing)

- The escalators will be closed nightly in order to install protective hoarding so that demolition of the existing station walls can begin for elevator installation.
- Access to the stairs will remain open.

### Work hours

Work is required to occur during the nighttime hours when there is less pedestrian traffic.

### Noise, vibration

Noise and vibration associated with construction is expected. Efforts will be made to keep noise levels to a minimum.
